SUMMARY

Dedicated junior software developer with 2 years and 1 month of experience specializing in PHP and WordPress development. Proficient in customizing WordPress themes and plugins, optimizing website performance, and implementing responsive designs using HTML, CSS, and JavaScript. Skilled in developing dynamic, user-friendly websites and ensuring seamless content management solutions. Experienced in translating design prototypes into high-quality code, collaborating with cross-functional teams, and leveraging tools like React.js and Git to deliver robust and scalable web applications.

PROFESSIONAL SKILLS

WordPress, PHP, HTML5, CSS3, JavaScript, React.js, Content Management System, ACF, Creating and customizing WordPress themes, page builder tools, Elementor Pro, WPBakery, Performance optimisation, Figma, Agile methodology, Jira, Git, Visual Studio Code, AWS Cloudformation

WORK EXPERIENCE

SOFTWARE DEVELOPER

(2023 May - Present)

CloudEcho Systems Private Limited

- Developed dynamic, responsive websites using WordPress, PHP, and custom themes to meet client specifications and improve user engagement.
- Customized WordPress CMS functionalities, including ACF (Advanced Custom Fields), custom post types, and taxonomies, enhancing backend usability.
- Built and maintained reusable front-end components using React.js, integrating Redux for effective state management and scalability.
- Experienced in using Elementor Pro, WPBakery Page Builder, and other page builder tools to create visually appealing and user-friendly layouts.
- Utilized JavaScript, TypeScript, HTML5, and CSS3 for UI development, ensuring cross-browser compatibility and mobile responsiveness.
- Collaborated using Git, GitHub, and NPM, and coordinated designs through Figma, streamlining development workflows and version control.
- Conducted performance optimization, SEO implementation, and regular debugging to ensure fast-loading, search-friendly websites.

SOFTWARE DEVELOPER TRAINEE

(2022 Nov - 2023 Jan)

Techfifo Innovations Kochi

- Assisted in the development and maintenance of web applications using PHP and the CodeIgniter framework.
- Utilized HTML, CSS, JavaScript, and Bootstrap to build user interfaces and improve front-end responsiveness.
- Participated in daily team meetings and code reviews, enhancing understanding of real-world software development workflows.
- Learned version control using Git and followed structured development practices.
- Collaborated with senior developers in debugging, testing, and deploying applications to staging environments.

EDUCATION

MASTER OF COMPUTER APPLICATIONS (MCA)

(2020 - 2022)

Information Technology Education Center

Kannur University Dr. Janaki Ammal Campus Palayad

BACHELOR OF COMPUTER APPLICATIONS (BCA)

(2017 - 2020)

Chinmaya Mission College for Women, Talap

Kannur University
